PLEASE HAVE YOUR INSURANCE AND ID CARDS PLUS ANY COPAYS DUE TODAY OUT AND IN YOUR HAND BY THE TIME YOU ARE CALLED BACK TO REGISTER FOR YOUR SURGERY. THIS WILL SPEED UP YOUR REGISTRATION PROCESS HERE AT MSC. THANK YOU SO VERY MUCH!

Montgomery Surgical Center
470 Taylor Road, Suite 100, Montgomery, AL. 36117 (334-747-9600)

Taylor Medical Complex

PATIENT INFORMATION:
You will be given detailed instructions for home care at the time of your discharge. If your surgeon has written a prescription for you, it will be given to your care giver. Please fill out all enclosed forms completely with your driver’s name and a working phone number. Write your pharmacy name and phone number on your medication sheet.

- The recovery room nurse along with the anesthesiologist will manage your pain. You will be asked to rate your pain on a scale. The scale we most often use is the 0-10 scale. 0 indicates no pain and 10 is the worst pain that you can imagine.
- Take all pain medications as prescribed. It is easier to control pain when you take the medication before you become too uncomfortable.
- Let us know if there is anything we can do to make your recovery time easier.
- After discharge, contact your surgeon if the medication prescribed is not effective in alleviating your pain. You will experience some discomfort, but it should be tolerable.
- Pain medication may result in constipation, so remember to drink plenty of fluids. In case of a history of constipation, you may need a stool softener.
- Expect a follow up phone call from us within 3 business days following your procedure.
- Please provide us with your email address in Registration so that you may receive a patient satisfaction survey in order for us to improve our service to you.

“Thank-you for trusting us with your care”

FAMILY / VISITOR INFORMATION:
WELCOME to Montgomery Surgical Center!!! Care and concern for our patient’s family is a vital part of our total patient care. We hope the following information will be helpful to you while you are here:

- Please have your care giver remain in their car, no more than 15 minutes from the facility. They need to have a current working phone that they keep on and answer promptly. Please make sure we receive the correct phone number for your care taker. The physician will speak with them after surgery and the nurse will need to give them post op care instructions.
- After your care taker speaks with the physician, please have them move their vehicle to the discharge side of the building to await further instructions from the nurse.
- Your care taker will not be allowed to remain in the facility, unless pre-approved by administration.
- Patients age 18 and under may be allowed two visitors in pre-op and recovery, before and after their procedure.
- ALL electronic devices must be turned off in recovery.
- PHOTOGRAPHY OF ANY KIND IS PROHIBITED!!!!!!!!!!!!!
